JMoF Executive Committee

JMoF 2021 Outlook

In light of the measures taken by countries and regions to prevent the spread of the Novel Coronavirus disease (COVID-19), the JMoF Executive Committee is currently monitoring the trends and considering the best course of action to take for Japan Meeting of Furries 2021 (JMoF 2021) that is scheduled to be held from January 7th, 2021 (Thu) to the 10th (Sun).

Besides understanding the condition of each country/area, we are also looking at the policies indicated by both national and local governments, as well as those of the hotels and other related entities. Factoring all of this into consideration, we will determine what all actions we could possibly take and inform everyone of the situation again near the end of June.

For everyone reading this, please prioritize your health first and foremost. Refer to the information provided by the various health organizations, avoid the “Three Cs” (closed spaces, crowded places, and close-contact settings), and let’s all work together to mitigate the spread of infection as quickly as possible!

JMoF is aiming to contribute to furry culture’s development by concerning itself with all of the diverse cultures that the furry fandom holds, and offering a common ground where the shared feelings towards furrries can allow the overall culture to grow even further. As the JMoF Executive Committee, we are dedicated to providing some sort of opportunity to you all and being able to sustain this connectedness, and we ask for your continued support while we strive to do it.

Sincerely,

A handwritten signature in black ink, appearing to read 'Satomi', with a long horizontal line extending from the end of the name.
